Subject: FW: Rental Equipment from Safe Environment Engineering
Attachments: Completed Quote Itemized Product List 1_27_14 with Rental.xlsx

I forgot that Joe sent this to me all the way back in January. This will give the rental prices for any Viper equipment we might want.

I also have a list of the equipment we currently own.

Subject: Rental Equipment from Safe Environment Engineering

VIPERers,

I've been notified by Safe Environment Engineering that they are going to start offer an equipment rental option for all the items currently available through the ERTG BPA.

Attached are the preliminary rental rates they provided me. This may be a good option if you have a short term project that has resource needs above and beyond what you have on hand in the Region or what you can borrow from others.
